

August 5, 1967.

Dear Elizabeth and Bill,  
I am sorry that I haven't answered your very kind letter of March 10 much earlier. I have spent two weeks in Sweden, over Easter, partly in Smolensk and partly in Tykås and in Stockholm - and there wasn't much calm for writing letters. My boys wanted me to check up on my health and this took up some time. The results are not all in, but the only thing which might have been bad - a malignity in the prostate has been proved to be out. My heart is in excellent shape, and I am happy that I have plenty of work, - and that I can do it. Many thanks for the signatures. These will be important adjuncts to the two excellent Kodachrome enlargements, which will get their place of honor in our

library.

Margaret will arrive here  
to-morrow morning, and  
you will understand that  
this makes me very happy,  
we will go to Minnie on the  
7th.

Now please take good care of  
yourself - both of you!

I am sending you my  
very best wishes, and I  
do hope to hear from you  
soon again.

Affectionately

John
